Description

We provide regulatory consulting and varied product group registration services. Our services include notification / authorisation, labeling of biocidal products, household and industrial detergents, cosmetic products, medical devices, foodstuffs and food supplements, preparation of related material translation and compliance including advertising material. Through these services, we can help you retain the confidence of investors, manage your risk, strengthen your controls and achieve your goals. Due to our long term experience we can assure the provision of high quality services. This led us to become a reliable partner of our customers all over Europe.

Business Line

Business consulting
